

Forecast For West Midlands
Issued by Met Office Exeter
at 0400 on Friday 05 Mar 2021

++ Valid for broadcast between 0600 and 1800

Headline:

Sunny spells during the day, with overnight frosts.

Today:

A cold start with sunny spells and a frost for some. Patchy cloud developing during the afternoon but remaining largely dry with sunny spells between. Chance of the odd isolated shower towards the east. Maximum temperature 7 deg C (45 deg F).

Tonight:

Clear spells during the evening and overnight, allowing for a widespread frost. A cold and dry night for all with light winds. Minimum temperature -4 deg C (25 deg F).

Saturday:

A frosty and mostly clear start with plenty of sunshine across the region. Perhaps some patchy cloud building during the afternoon followed by another cold night with an overnight frost. Maximum temperature 7 deg C (45 deg F).

Outlook for Sunday to Tuesday:

Largely dry with sunny spells on Sunday. Turning cloudier on Monday with the chance of patchy rain later. Rather cloudy with patchy rain on Tuesday before heavy rain arrives later.
